### CENTRAL CURRY SCHOOL DISTRICT CAPITAL BOND PROGRAM

END OF MONTH REPORT – FEBRUARY 2025

**HMKCO.ORG** 

#### GENERAL PROGRAM UPDATE

The Capital Bond Program continues to make steady progress as we transition from the planning phase into active construction. This month marked a significant milestone with the contracting phase being finalized with S+B James Construction. With no delays reported, the project remains on track as planned.

A critical step in this transition was the Construction Kickoff meeting, where project stakeholders reviewed the project's scope and established expectations moving forward. The meeting provided an opportunity to confirm scheduling details and ensure alignment between the district, contractors, and design teams. The Critical Path Method (CPM) schedule was also reviewed and approved, with no necessary adjustments at this time.

Additionally, preparations for the procurement of special inspections, window testing, and hazardous materials oversight were initiated. These services, while procedural, are essential to maintaining the highest safety and quality standards throughout construction.

#### **CURRENT ACTIVITIES**

Key activities undertaken this month include:

- **Finalization of Contracting Phase:** Agreement with S+B James Construction was successfully executed, paving the way for the next steps.
- **Construction Kickoff Meeting:** Project stakeholders convened to align expectations, review the CPM schedule, and discuss next steps. No modifications to the schedule were required.
- **Initiation of Procurement Process:** Special inspections, window testing, and hazardous materials oversight services are being secured in preparation for upcoming construction activities.
- **Black Line Glazing Site Visit:** Representatives visited the site to measure windows and prepare a window mock-up. No concerns or issues were identified.

#### PROJECT ADMINISTRATION

Project administration and accounting support are two key areas critical to Program success. This is a combined effort of HMK Company and CCSD Accounting Department. As of February 19, 2025, we have requested 39 purchase orders and processed 114 invoices.

Contract Type	Number of Contracts	Value
Professional Service Agreements / Design Contracts	П	\$ 158,985
Construction Contracts	28	\$ 14,339,325

### **CHALLENGES & SOLUTIONS**

So far, no significant challenges or delays have been encountered during this phase of the project. The contracting process was completed as expected, and preliminary Meetings and contractual requirements are progressing as expected.

### To mitigate any potential risks, the project team will continue to:

- Maintain clear communication between all stakeholders.
- Conduct weekly progress meetings to ensure alignment with the project timeline.
- Monitor procurement processes to avoid any delays in acquiring necessary materials and services.

With careful planning and execution, the project remains on track to meet its objectives while ensuring minimal disruptions to school operations.
